Paxus is Australia's 1st choice for permanent and contract IT people.

Established in 1973, we have a network of well established offices across the country that places around 5,500 IT people in rewarding IT jobs each year.

When you engage with Paxus we will give you:

- » Access to thousands of quality candidates
- » A personalised service based on the way you wish to do business
- » Prompt and responsible action to your needs
- » A guarantee that we work with you to ensure your budgetary guidelines are met

Our Account Managers and Recruiters are the best in the industry. Highly educated, skilled and reputable, their depth of knowledge is highly regarded in the industry.

With more than 30 years of experience delivering the right talent to Australia's leading blue-chip, corporate, government and commercial organisations you can trust that you are partnering with the best in the industry.

Products and services

Contracting

What we do better than any other IT recruiter in Australia is find, place and manage professional IT contractors. Looking after Australia's largest IT contractor base of 2500+ is testament to our proven process, recruitment methodology and contractor management skills.

Permanent recruitment

Leveraging more than 30 years of recruitment industry experience and knowledge, we have developed and fine tuned one of the most successful permanent IT recruitment methodologies available today.

On-Demand resourcing

The Paxus on-demand solution provides flexible labour resources to match changing requirements and meet delivery deadlines without adding excessive fixed cost overheads. Under this model, Paxus can successfully deploy resources to accommodate peak project demands.

International recruitment

Paxus has an agreement with the Australian Government for an 'On-Hire Labour Agreement' allowing us to source and sponsor international IT personnel to work in Australia.

Consulting and advice

Paxus can provide technical and advice for your business or organisation. Our Account Managers and Recruiters are highly skilled and have access to the best systems in the recruitment workplace. They can provide anything from general IT advice to expected salaries or industry best practise.

Industry Associations and Quality Assurance

Paxus is proud to be a founding member of ITCRA, an IT foundation that is dedicated to maintaining an industry- specific code of conduct and ethics. Believing that ethical conduct is essential to IT recruitment, Paxus commitment is demonstrated through ongoing support and advice since its formation in 2000.

Paxus is also represented on the board of the Australian Network on Disability and carries a gold member status supporting this not-for-profit organisation.

Paxus values standards and has had full national quality certification since the early 1990's. Paxus was the first national IT recruitment company to achieve AS/NZS ISO 9001:2008 certification.
